

NEW BISHOPS TO BE ELECTED IN NEW YORK

TRIENNIAL CONVENTION OF EPISCOPAL CHURCH TO 'NAME PRELATES

New York, Oct. 8.—With most impressive ceremonies the forty-third triennial convention of the Protestant Episcopal Church of the United States was formally opened today. Within the walls of the cathedral of St. John the Divine, situated on the heights from which Washington and his generals watched the movements of the British occupants of New York during the dark days of the American revolution, were assembled the greatest minds of the clergy and laity of the Episcopal denomination. The bishops, or fathers of the church, were there in greater number than at any previous council. The clergy was represented by theologians of eminence and orators of renown, the laity by financiers whose influence is international, lawyers than whom there are none more able and men of other professions who have reached the top rung of the ladder of fame.

The opening ceremony was set to begin at 11 o'clock, but fully two hours before that the hundreds of people had collected and eagerly awaited the moment when the doors should be thrown open to that small portion of the multitude that possessed the ticket of admission. Thus for more than two hours the thoroughfares leading up to the great lies of gray stone that crown Morningside Heights presented an animated scene. Bishops, clergymen, deacons and presbyters moved up and down and

Honest Advice to Consumptives

Somehow there exists a vast amount of skepticism as to the possibility of curing Consumption. We state none but facts, and are sincere in what we assert. If we were afflicted with Tuberculosis, we should do precisely what we ask others to do—take Eckman's Alternative promptly and faithfully. The reason we should do this and warrant we have for asking all Consumptives to take it, is that we have the reports of many recoveries, one of which follows—

"1070 Susquehanna Ave., Phila., Pa. 'Gentlemen: For two years I was afflicted with hemorrhages of the lungs, the number totaled nearly one hundred. Our family physician advised another climate, as to remain would probably be fatal. However, I remained, and in February of 1912, I was taken with a severe attack of pneumonia. When I recovered sufficiently to walk about the house I was left with a frightful hacking cough, which no medicine I had taken could alleviate. It was at this time, March, 1912, that I learned of and started taking Eckman's Alternative. In a short time my cough was gone and I was pronounced well. Since that time I have had two slight attacks of pneumonia and I have resorted to no other medicine to effect a cure."

"I am at present in excellent health and feel that as long as I can obtain Eckman's Alternative, I have no fear of Consumption. I cannot speak too highly for the good it has done."

(Signed) EDWARD L. KLOTZ. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in expelling the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratories, Philadelphia, Pa., for more evidence. stepped and discussed church matters. A few minutes before 11 o'clock the bishops, nearly one hundred in number, formed in the Old Synod hall for the procession into the cathedral, in which they were preceded by the full cathedral choir, one of the most noted organizations of church singers in America. The members of the choir wore full surplices, and as they marched along, singing the processional hymn, "Forward Be Our Watchword," they presented a most imposing appearance.

The bishops proceeded in the reverse order of their rank, carrying out the divine command that "the last shall be first and the first shall

be last." The last man in the procession was the venerable Bishop Tuttle of Missouri, the senior bishop of the church and the presiding officer of the house of bishops.

The bishops were clothed in the full vestments of their office, including, beside the customary gown of the bishop, the degree hood, as it is called. Arriving at the entrance to the cathedral the procession moved down the main aisle, where the choir filled off to either side and took the customary seats in the chancel. Then the bishops fell back into two lines, between which Bishop Tuttle advanced to the chancel and the others took the seats provided for them according to seniority.

The service, which did not differ from the regular communion service of the denomination, was fully choral. Bishop Tuttle officiated and administered the sacrament. The sermon was preached by the Right Rev. William Lawrence, the eloquent bishop of Massachusetts.

At the close of the opening ceremonies in the cathedral the bishops returned to Old Synod hall, and, on being called to order by Bishop Tuttle, the interesting formality of welcoming and introducing the bishops consecrated since the last triennial convention was carried out. A brief memorial service also was conducted in honor of the prelates who have passed away since the last triennial, foremost among whom was the Right Rev. William C. Doane, the famous bishop of Albany.

This afternoon the convention proper assembled for business, the house of bishops meeting in the Old Synod hall and the house of deputies in the more spacious New Synod Hall. The first work, of course, was organization, and that occupied practically the whole of the afternoon, the houses notifying each other of such organization, as is customary in Congress.

The convention will continue for at least three weeks, during which time

WHOLE FACE IN ONE SOLID RASH

Face and Neck Covered with Pimples. Nearly Crazy With Itching and Burning. Cuticura Soap and Ointment Cured.

Lindsay, Mont. — "I started to get great big blotches round my neck and I did not think very much about it at first, but they commenced getting worse all the time and such an intense itching, it never gave me a minute's rest. The pimples were red and would swell. From itching and scratching them so it caused them to spread; there would be sore from scratching them so intensely. My face and neck were covered with pimples. It looked as if my whole face was in one solid rash or sore, and I was nearly crazy with itching and burning. At night they would be very bad so I hardly could sleep. My face was, I must say, in one raw sore. I nearly gave up all hopes of ever getting like myself."

"I bought a few bottles of some good blood medicine but without help. My poor face did not get any better. I had heard so much about Cuticura Soap and Ointment I thought I would try them. So I bought one cake of Cuticura Soap and one box of Cuticura Ointment and started to use them and followed the directions as closely as I could. To my surprise only a few applications stopped the itching and scratching and in a couple of weeks' time my face was nearly well. I kept on using the Cuticura Soap and Ointment and in two months' time I was completely cured." (Signed) Mrs. Gust Nelson, Dec. 4, 1912.

Cuticura Soap 25c, and Cuticura Ointment 50c, are sold everywhere. Liberal sample of each mailed free, with 32-p. skin book. Address post-card "Cuticura, Dept. T, Boston."

For men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

there will be considered and acted upon many questions of a momentous nature, including some important changes in the present law and government of the church. The proceedings of the house of deputies, for the most part, will be open to the public. But, following the custom of the past, the sessions of the house of bishops will be strictly executive and will be carried on with great form and dignity.

The convention is expected to elect half a dozen missionary bishops. One of the new bishops will be, it is said, for the canal zone, and a somewhat larger territory which is to be transferred from the Church of England.

CHILDREN HATE OIL, CALOMEL AND PILLS

"CALIFORNIA SYRUP OF FIGS" BEST FOR TENDER STOMACH, LIVER, BOWELS

Look back at your childhood days. Remember the "doses" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; unless cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free.

FOUR SHOWS ARE SCHEDULED FOR PHOTOPLAY

BIG CROWD IS EXPECTED TO WITNESS FIELDING NIGHT FILMS

So great has become the popular interest in "Fielding Night" at the Photoplay, that Managers Duncan and Browne, who endeavor always to make that popular playhouse more popular, have decided tonight to put on four shows. The first performance will open at 7:15 o'clock, the second will begin at 8:15, the third at 9:15 and the fourth an hour later.

Two magnificent Lubin productions, manufactured and participated in by Romaine Fielding, will be shown. The first, a two-reel feature, is entitled "Adventures on the Mexican Border." The second is "The Uprising." Both of these pictures are excellent, Managers Duncan and Browne having thrown them on the screen this morning for the purpose of examining them. Mr. Fielding appears at his best in each.

One of the Fielding productions to be presented here soon is "The Clod." "The Rattlesnake," "Hawanda's Cross" and "The Harmless One," all produced in Las Vegas, will be shown here in the near future.

And Many Are the Voices of East Las Vegas People.

Thirty thousand voices—What a grand chorus! And that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to friends. They tell it to the home papers. East Las Vegas people are in this chorus. Here's an East Las Vegas case:

Fritz Sena, 1205 Twelfth St., East Las Vegas, N. M., says: "I had backache constantly for several weeks. In the morning when I got up, I suffered terribly from pains over my kidneys. Exercise brought some relief but didn't rid me of the trouble. The kidney secretions bothered me, too. Hearing so much said in praise of Doan's Kidney Pills, I got a box. After I had taken a few doses, I could see a change for the better. It didn't require more than one box to make a cure. I have been free from kidney trouble ever since."

Gets Right Twist On Rheumatism

Makes Short Work of Cleaning Out Your Entire System—Aches and Pains Go Fast.

In S. S. S. You Get a Twist on Rheumatism That Settles It.

Many a rheumatic sufferer has been to the drug store for a bottle of S. S. S. and been handed something claimed to be "Just as good." Truly, to ask for bread and be given a stone is still in practice. If you are troubled with rheumatism in any form be sure to use S. S. S. and note its wonderful influence.

S. S. S. has the peculiar action of soaking through the intestines directly into the blood. In five minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every sensory becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all work to the one end of casting out every irritating, every pain-inflicting atom of poison; it dissolves by irrigation all accumulations in the joints, causes acid accretions to dissolve, renders them neutral and scatters those peculiar formations in the nerve centers that cause such mystifying and often baffling rheumatic pains.

And best of all this remarkable remedy is welcome to the weakest stomach. If you have dragged yourself until your stomach is nearly paralyzed, you will be astonished to find that S. S. S. gives no sensation but goes right to work. This is because it is a pure vegetable infusion, is taken naturally into your blood just as pure air is inhaled naturally into your lungs.

Get a bottle of S. S. S. today, and ask for S. S. S.

You may depend upon it that the store that sells you what you ask for is a good place to trade. Write to the S. S. S. Co., 201 Swift Bldg., Atlanta, Ga., for their Book on Rheumatism.
